INSURANCE

I hereby authorize my provider to furnish my insurance company or its representative or permit my insurance company or its representative to review any information requested with respect to any illness or accident, medical history or copies of hospital and medical records. A photo static copy of this authorization shall be considered as valid as the original. I hereby authorize payment directly to my provider for this illness or injury, of the provider's benefits otherwise payable to me, but not to exceed my indebtedness to said provider. I agree to pay the provider for all my charges whether or not covered by this assignment. The responsible party hereby agrees that the provider's office or the party responsible for the billing of these services may check credit with any source to obtain credit information. I authorize any holder of medical information about me to release any information needed to determine these benefits payable for related services. This release may include information which may be considered a communicable or venereal disease which may include, but are not limited to diseases such as hepatitis, syphilis, gonorrhea and the human immunodeficiency virus, also known as acquired immune deficiency syndrome (AIDS). I understand all of the above and hereby state that the information is correct to the best of my knowledge. My signature indicates that I have read the above and granted the request of authorizations.

I have been notified that I may receive services from the Advanced Practice Provider at this location.

PLEASE NOTE: The patient portion of the bill is due at the time of service unless prior arrangements have been made.

Patient Rights and Responsibilities

The understanding of Patient Rights shall be given to every new patient.

As a patient, you have certain rights:

- It is your right to take an active role in your health care
- Your cooperation is important
- Understanding your rights will help you get the best care possible

You also have many decisions to make:

- Make the best choices
- Resolve any conflict that may arise
- Patient rights also help legal agents

You have the right to respectful care:

- Be informed
- Be treated with respect at all times
- Have privacy
- Receive clearly written and spoken information
- Have information about you kept confidential
- It is your right to be treated without discrimination

You have the right to informed consent:

- Before you give you OK to any procedure, test, or treatment, you should receive all the information you need to make a decision
 - Your options, the risks and benefits, possible outcomes, possible side effects, and costs
 - Get complete information
- Know who is providing your care
- Give your informed consent before taking part in special programs

You have the right to accept or refuse care:

Financial Policy

Welcome to Heartland Health Care Clinic. We wish to make our time together as pleasant as possible. In order to accomplish this, we feel it is important to have an understanding of the financial policy.

We are preferred providers and participating physicians for many different insurance companies. This usually means we accept their allowed charge as the final charge to you. However, not all insurance companies pay their allowed charge in full. Different plans and policies have different deductibles and co-pays, which is the responsibility of the patient. We try our best to keep track of what different companies pay and the services they will cover; but please understand that due to the great number of insurance companies, it is impossible for us to know them all. Please refer to your own insurance carrier's policy manual, as it is your responsibility to know the policies of your insurance carrier.

We will submit all insurance claims if you provide us with complete and correct information. We will work closely with the insurance company to make sure correct payments are made on your claims. Please remember the policy contract is between you and your company. Therefore, you are ultimately responsible for your bill.

We will fill out disability forms and SRS medical statements for you. However, there will be a \$10.00 charge for completion of disability forms for loan payments and SRS medical statements. This charge must be paid when the form is picked up, or before it is mailed to the company.

All co-pays must be paid at the time of service. Any amount not covered by insurance is due at the time the services are provided. All policies are different so some deductibles may not be known until the claims are processed by your insurance carrier. Therefore, any balance due from you will be due in full at the time of the first billing following insurance processing.

If you know there will be a balance due after insurance payment and you will not be able to pay in full at the time of the first billing, please talk to the Patient Financial Services department now. We accept Visa, MasterCard and Discover. Accounts that will take more than one month to clear will be placed on our payment plan. We will make payment arrangements with you.

If after 30 days, we have not received adequate payment on your account, or you do not meet your payment plan agreement, you will be placed in our collections process. After 90 days without adequate payment, we will turn your account over to a private collection agency and place your account on a cash only option for any future medical treatment at our clinic. Failure to make adequate payment on your account could eventually result in you being discharged from this clinic as a patient.

If you have any questions regarding the above information, your insurance coverage, or payment please see your account representative in the Patient Financial Services department at the time of your first appointment.

We look forward to working with you. Thank you for choosing Heartland Health Care Clinic for your medical needs!
